

**TRAFFIC SURVEY**

Do surveys on 15-21 October and 19-26 November  
(no Fridays, Saturdays, or Sundays).

Study Site:

Survey point **a** (not at an intersection).

Observers:

Do two surveys:  
14:00-15:00 (slow period) and  
17:00-18:00 (busy period).

For 6 minutes, count the number (N) of vehicles and people  
passing you on the street and sidewalk.

Do not count individuals twice.

Transportation Method	Slow Period	Date:	Busy Period	Date:
	Start Time:	Stop Time:	Start Time:	Stop Time:
Car				
Taxi				
Bus				
Pickup Truck (car-sized truck)				
Truck (large truck)				
Motorbike ( $\geq 800$ cc)				
Motorbike ( $< 800$ cc)				
Bicycle				
Pedestrian				
Wheelchair				
Other:				

**Did you complete a Study Site Log for each survey?**

**What were the things in the Other category? Explain.**
